

What are SNF Top PDPM Priorities?

Reliant Survey Says Therapy Pathways and Evaluation

In a survey made up of both inhouse and outsource therapy model SNF operators, respondents cited therapy treatment pathways and the admission evaluation process as their top two priorities preparing for PDPM this fall. Forty-eight percent of respondents cited therapy treatment pathways as their first or second priority, and 44 percent ranked the initial evaluation process the same level of priority.

Question

Rank the following PDPM issues that concern you the most:

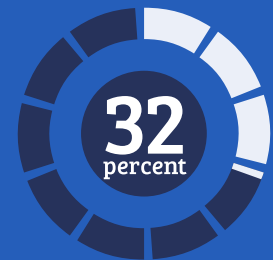

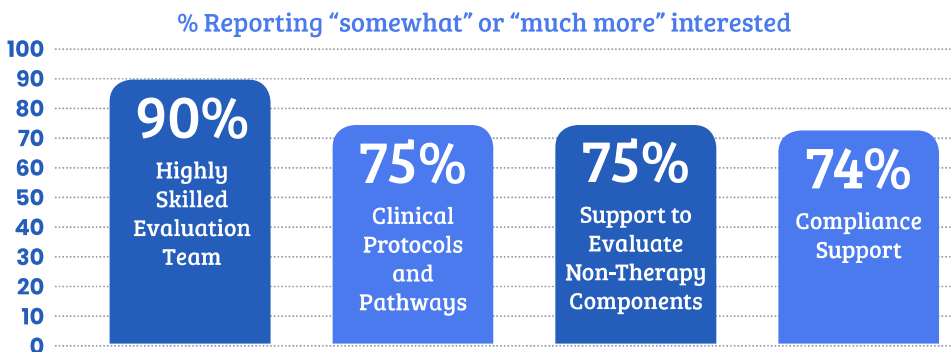

Respondents also expressed a **great deal of confidence in their interdisciplinary teams** but half as much confidence in their clinical team's PDPM readiness.

Confidence in Interdisciplinary Team Readiness

Question

When considering a therapy partner, which of the following attributes are of most interest?

Confidence in Clinical Team Readiness

"Developing clinical pathways and protocols tied to PDPM-defined categories provides our clinicians with important guideposts as we emphasize the increased relevance of their evaluations." — Chief Strategy Officer David Tate
